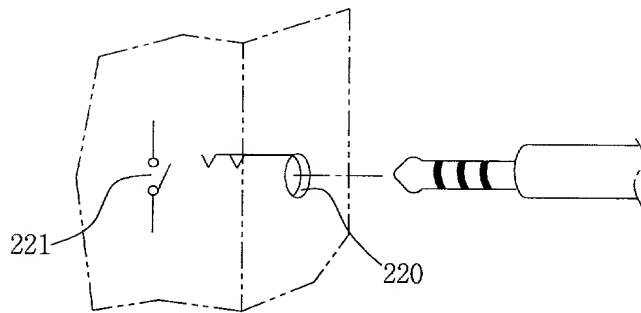

FIG. 13C

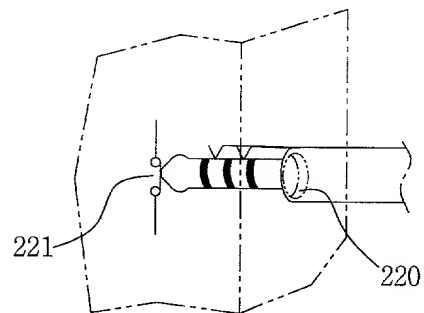

FIG.1

101; lens unit 102; photographing unit 103; image processing unit
104; PC interface unit 105; host computer 106; view finder 107; memory
108; control unit 109; shutter 110; first switch 111; second switch
5 112; backup battery unit 충전전압; charge voltage 동작전압; operation voltage

FIG.2

렌즈; lens 106; view finder 121; lens cap 122; lens cap opening/closing switch

FIG.3

131; holder 132; groove

FIG.5

151; memory card 152; gate array

FIG.6

161; focus adjustment unit 162; focus adjustment reading unit
163; display unit

FIG.7

171; switch 172; switch 173; screw 174; detector

FIG.8

181; high-band filter 182; adder 183; comparator

FIG.10

163; display unit 190; brightness adjustment unit
200; brightness adjustment reading unit

FIG.11 201; register 202; register 203; comparator

FIG.12 211; MP3 decoder 213; MP3 mode switch

FIG.13 220; jack 221; switch
